

## All-Weather Outdoor Column Speakers

### SK- Series

#### WATERPROOF MULTI FUNCTIONAL SPEAKER IP55 STANDARD

The SK Series by Solvision is a premium line of ultra-wide-range outdoor column speakers, expertly engineered for commercial and public space applications. Built using advanced manufacturing techniques, these speakers offer outstanding performance, reliability, and durability in all-weather conditions.

Designed for environments that demand exceptional sound clarity, the SK Series features high fidelity, high power output, and elevated sound pressure levels, delivering clear, layered audio with precisely defined treble and bass thanks to its accurately designed crossover network.

Rated IP55 in accordance with IEC529 waterproof and dustproof standards, the SK Series is purpose-built for rugged outdoor environments, making it an excellent solution for locations such as factories, campuses, buildings, parking areas, marinas, train stations, and more.

Constructed with a robust aluminum alloy body, these column speakers are designed for long-term, rust-resistant performance. Each unit includes a built-in 100V/70V transformer with two-stage power selection for flexible system integration.

Equipped with a 4" full-range speaker unit and a 1" waterproof tweeter, the SK Series ensures powerful and crystal-clear audio delivery. Installation is quick and simple, thanks to the included L-type mounting bracket.

### Features

- Dust-proof and waterproof grades in accordance with IEC529 IP55 standard.
- Weatherproof luxurious speaker designed for outdoor use.
- Ideal choice for factory, building, school, parking lot, marina and station.
- Aluminum alloy construction for long-life outdoor use.
- Built-in 100V/70V matching transformer and provide two-stage power selection.
- Good sound pressure level for powerful and clear sound quality.
- 4" full range speaker unit and 1" waterproof tweeter.
- Amazing SPL for powerful and clear sound quality.
- Including L type bracket for fast and easy installation.
